NWT Resident Harvest

- **Maximum harvest assumes all unreported tags were used**
- **addressing issue with Box numbers**
- **ENR working on increasing reporting rates**
- **Due to closures of other areas, need to continue to look at data from other regions as well. Zone U/BC/01 (Beverly/Ahaik Herds) opened in December 2013**

Check Station

- **In 2015 ENR funded TRRC to do patrols along the highway (Check station was not operated in 2015)**

Dempster Highway Special Management Area Regulations

- **Rescinded November 4, 2014**

Body Condition Samples

- **PCTC reporting the data**
- **working on increasing sample size – depends on number of caribou harvested**
- **hunters collecting samples**

Sight-in-your-rifle

- **Event was held in Aklavik in 2015**
- **Events planned for Ft. McPherson and Tuktoyaktuk for 2016**

Signs

- **Highway signs at up at the start of the Dempster and on the south side of the Peel river**
- **Sign up in Aklavik as well**

Habitat

- a few very small fires in the NWT range of PCH in 2015
- snow depth station data collected annually at 6 sites along the Dempster

ENR plans to:

- **Continue to work with co-management partners and other Parties to implement the plan**
- **Work with partners to improve harvest data collection**
- **Help compare information from check station and field reporting**
- **Continue hunter education work – building on messages**
 - **Maximize bull harvest in the fall when bulls are in best shape**
 - **Report harvest data**
 - **Sight in your rifle**
