Dear Mr. Tetlich:

Thank you for your letter of February 24, 2022, regarding the 2022 Annual Harvest Meeting (AHM) and harvest management recommendations.

I am pleased that the Porcupine Caribou Management Board (PCMB) is continuing to recommend harvest management actions consistent with the Green Zone of the Harvest Management Plan. Based on the information provided, I am in agreement with the recommendation of the Board.

Although not all Parties submitted harvest data in time for the AHM, and this is a perennial issue, we hope that the PCMB will continue to work with communities to improve hunter participation and reporting rates over the next year.

I am encouraged to hear that significant progress is being made on the Porcupine Caribou Conservation Plan and am pleased to be able to help support that work with our grant and contribution funding.

I appreciate the efforts of the Porcupine Caribou Management Board this year to ensure harvest management actions are made based on best available information.

Sincerely,

Nicole Cote
